

## LEYA CHAIR

Birgit Hoffmann and Christoph Kahleyss design is a fusion of contrasts. Leya is a perfectly formed chair featuring an elegant, firmly upholstered outer shell on a delicate wire frame or on a solid wooden frame. With its congenial mix of material and colour, Leya has all the makings of a unique designer piece. To sit down in the chair is to indulge the senses further still. The inner padding accommodates your body much like a fluffy pillow and, in doing so, reveals Leya's soft core to the chair user.

### **BIRGIT HOFFMANN & CHRISTOPH KAHLEYSS**

Birgit Hoffmann (\*1968) and Christoph Kahleyss (\*1963) both studied industrial design in Kiel. Since 2010 they worked together for international renowned companies. Beside furniture they also work on several interior design projects.
