DESCRIPTION

The BEETLE Chair Collection is a chair series in laminated moulded veneer with seat and back in 2 separate parts or a plastic seat in PP-plastic. The 2 parts are joined together with a steel fitting milled into the 2 shells. The shells are 10 mm thick. The chair is available fully upholstered, front upholstered, seat upholstered or unupholstered.

Foam is fire retardant according to California Technical Bulletin 117.

Foam according to BS 5852, Crip 5, is available on request

Chair fulfils the requirements in EN 1022:2005 and EN 16139:2013. Loading according to Test severity L1.

CERTIFICATION AND LABELS

-

CLEANING AND MAINTENANCE

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough then vacuum the surface.

If further cleaning of the upholstery is needed, a stain remover is recommended. The cleaning has to be gentle and must always be tested on the most invisible area of the surface before the actual cleaning. Avoid blotches by gentle, circular rubbing towards the stain.

To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colourless washing-up liquid.

Do not use the following products for the padding:

- Undiluted cleaning liquids.
- Bleach.
- Ammoniac.
- Soap for hard surfaces.

For dusting and light cleaning of the frame use a soft, dry cloth.

For further cleaning of the frame, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again.

Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous or organic.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease and other dirt.

Furthermore, protect the surfaces against sharp objects and other that might scratch.
